ELEKTRA EFFLUX

# Self Adhesive Tie Mounts

🌐 **www.elektraefflux.in**

- Designed to support wires bundles when properly applied on any clean smooth, grease- free surface.
- Cable Ties can be inserted from any of the four sides to secure wire bundles.
- Curved walls allow the wire bundles to seat firmly in position after installing with cable ties.
- To apply, simply peel off back liner paper and apply mount to surface.

Self - Adhesive Tie Mount

SGI Self-Adhesive Tie Mounts are used to anchor wire bundles or cables to walls, ceilings, plates, panels, or any other structure. No tool is required for installation. Simply place the Adhesive-Backed Mount on the desired surface, and secure the cables with Cable-Ties.

The Continuous-Straight Pull Load is 1Kg/square inch (25.4mm) of adhesive. Operating Temperature for Adhesive: Upto 52°C
